

SUNY Stands with Puerto Rico

Challenges/Obstacles:

Previous roof work done by non-NGOs need repairs

Agriculture's poor condition:

-Dry soil, debris, bamboo falling, uneven trails

Puerto Ricans' lack of trust in their government

Low-quality materials/supplies

Benefits/Takeaways:

Clear understanding of the hurricane's impact

Desire to make a change in my community

Positive perspective of teamwork & collaboration

Realization of the body's true potential

Suggestions to improve the experience:

Improve the application process to ensure best candidates are chosen

Guarantee that dietary restriction will be met

Collaborate with CUNY to increase unity
